Inquiry into the impact of the Covid-19 outbreak on
children and young people in Wales

COV 73
Response from: Individual

From XXXXX XXXXXX -aged 7 from Radyr Primary

1. I miss everything about school. I miss seeing my friends a lot and my teacher and working as school. I don't like doing school work at home but I like doing it at school with my friends who help me and make me confident.
2. I exercise with my family and ride my bike lots. I have a new bike because I got to big for my old one.
3. I feel upset and sad and lonely without my class.
4. I am still learning at home with my mummy but I don't like doing it. I get my work from hwb and active learn and there are videos from my teachers.

Thank you
