Response from: Individual

Hi my name is XXXX and I'm nine.

My step mum asked me these questions

How do you feel about coronavirus and all that's happened?

- Confused . I don't understand why it's happening. Why now?

What have you missed the most?

- Not being able to see mum because she lives in England and she hasn't got a home and my friends.

Are you looking forward to going back to school?

- I want it to be the same. Why do I have to social distance from my friends. You've told me that children don't get ill from it so why can't I play with my friends properly.

How do you feel about XXX your social worker? Do you think you've seen her enough? Has she helped you?

- I haven't seen her. She called that one time, remember on WhatsApp but I don't like having a social worker so I don't care I haven't seen her.

Have you enjoyed being at home?

- Yes because I get to eat lots of food and play on my x box way more.

What has it been like doing work from home?

- I don't like it. It's boring .

Would you like your school to do stuff like zoom classrooms and lessons and stuff?

- Yes that would be better.
