Evidence from Individual

Nodwch eich barn mewn perthynas â chylch gorchwyl yr ymchwiliad, sydd wedi'u grwpio'n 5 thema

1. Rhesymau

Daughter 12 at the time.

Breakdown of relationship with her dad who was verbally dismissive and abusive.

Bullying in school.

What I defined as sexual harassment from a teacher - the teacher accused her of teasing the boys with a 'short skirt' (still below knee) so I responded that it is up to the boys and their parents to educate them as to how to ignore the skirt length! So that's sorted. She returned to school.

Covid completely ruined her. Locked in, she couldn't continue with her sports. It was indoor trampoline. She became depressed and self harmed. She could not face school. She did not attend.

2. Risgiau a chanlyniadau

Self harm and risk to life.

Loss of peers through lack of contact.

Loss of muscle tone and fitness because of loss of sports. Made a major impact

3. Effaith

Back in school with love and nurture and working from home. Back 80%

She's behind definitely as she was in top sets prior.

4. Effeithiolrwydd polisïau

Up to now, her school support has been remarkable and effective with love and nurture from a few staff.

Going forward, re introducing fines is shortsighted and discriminatory.

5. Arall

Too many to record.

Single parent low income.
