Pupil absence

Evidence from Individual

Nodwch eich barn mewn perthynas â chylch gorchwyl yr ymchwiliad, sydd wedi'u grwpio'n 5 thema

1. Rhesymau

Elective home education one day per week as believe it is important for my children's mental and physical wellbeing.

2. Risgiau a chanlyniadau

No negative consequences or risks; their friendship groups and progress at school remain excellent, and we have a stronger family bond and all the benefits of a mixed age group forest school.session once a week.

3. Effaith

We don't want to educate at home full time. Other than this one day per week, attendance is 100%. I believe that without it we would have more sickness/stress absences as one of my children has anxiety. They are performing excellently in school assessments.

4. Effeithiolrwydd polisiau

Ineffective support to schools to authorise flexi schooling. It seems to affect their attendance records but I don't believe that it should.

5. Arall

A parents right to choose how and where to educate their child is incredibly important, as we know their needs best. Sometimes that will ne home, sometimes school, and sometimes a combination. All should be fully supported.
