Consultation on homelessness – Autumn 2022

Ymateb gan: Cynghorydd Luke Richards

Response from: Councillor Luke Richards

Dear sir/Madam,

I have been made aware of this today as someone who has personal and intimate experience with this, for the last six months I have been part of the emergency/temporary housing system with in Bridgend, I found the experience damaging to my mental health which was already a problem, the experience is also degrading and people are forgotten about in the system.

I have many insights and things I can say about the temporary housing system in Bridgend I can't comment on the rest of Wales.

I would be happy to talk to someone about my experiences.

Luke Richards
