Section 20 - Fully agree that legal notices should now be made electronically and that payments to newspapers should cease since readership is so small and circulation limited. I for one have not bought a newspaper in at least 10 years. Can I suggest that notices if placed in commercial websites then it should be limited to local businesses such as Nation.Cymru or Wrexham.com being two examples in addition to council's own websites. Money should not be placed with the likes of Facebook as it immediately leaves the Welsh economy and it is not clear that all those using the site in a particular area would see the notices as their algorithms are not transparent.
