

P-04-469 Remove the Right-To-Buy Regional Price Cap

Petition wording:

Removal the regional price cap of the Right-To-Buy scheme in Wales.

Wales has yet again been left in the dark ages with policies. The UK government have outlined plans for a maximum of £75,000 discount in England yet it is still capped at a measly £16,000. The disparity in wealth will continue to grow and council tenants will never fulfil their ambitions of ever purchasing their own home.
