William Powell AM

Chair Petitions Committee

03 March 2014

Dear William

Thank you for your letter of 21 February regarding Support for Children and Young People Participation Standards.

I agree that the Participation Standards provide an excellent framework to take forward children and young people's participation and I am aware of many examples of good practice linked to the standards. I also recognise that this is an important issue for children and young people.

Please be assured that this is a matter that I am taking very seriously and am discussing with my officials. As I stated in my last letter, there is no new money and therefore we have to look at how we can support the standards using existing budgets. On the 3rd March 2014, I launched the new Children and Families Delivery Grant (CFDG) and have included in the requirement for bidders to 'consider their role in relation to promoting and driving these standards'.

The closing date for applicants will be 23 May with a view to inform them of decisions on 30 June. At that point I will be able to provide further clarity on the support the Welsh Government is providing for the Participation Standards.

Yours sincerely
