**Well-being of Future Generations (Wales) Bill**  
**Response from Rosemary Griffiths**

Dear Environment and Sustainability Committee,

I support the campaign for a strong Well-being of Future Generations Bill. I would like to see the Bill strengthened by:

- Adding in targets to reduce emissions of greenhouse gases
- Including a strong duty on public bodies to aim to achieve sustainable development in everything they do
- Adding a clear definition of sustainable development
- Properly considering the impact Wales has on people and the environment overseas
- Boosting the powers of the Commissioner and making the role accountable to Assembly Members rather than Welsh Ministers

And to seriously consider the long term implications of fracking on the people of Wales.

Please consider my views as you scrutinise the legislation over the coming weeks.

Yours sincerely
