16 November 2011

Dear Sir or Madam,

The Petitions Committee of the National Assembly for Wales has received the following petition:

*We call upon the National Assembly to urge the Welsh Government to review*

- 1. Prosiect Gwyrdd, which is against WAG policy of localised facilities, and allow our councils to choose their own waste technology and waste management procurement;*
- 2. The flawed Wales waste survey that only gave people a 2 choice option on waste disposal;*
- 3. By 2020, make it illegal to burn recyclable waste which would promote councils to recycle.*

### **Questions you may wish to consider in responding**

1. What, in your view, is the best method of disposing of non-recyclable waste?
2. What are the advantages and disadvantages (in terms of the environment, health, local economy etc) of incineration?
3. Do you think it's a good idea for local authorities to collaborate on waste policy, which could lead to resource savings, or it more important for them to find the most appropriate solution for their locality? What are the reasons for your answer?

We are interested in receiving views from individuals, groups and organisations on the subject of this petition. These views will be used as evidence by the Petitions Committee in its consideration of the petition.

If you would like to submit evidence, we would be grateful to receive it by 3 January 2012. Further guidance on the submission of evidence is attached.

We would be grateful if you could share this request with other interested parties or, where appropriate, any of your member organisations.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Abigail Phillips'.

**Abigail Phillips**  
**Clerk to the Petitions Committee**

## **Advice on Submitting Evidence**

- The Committee may call on those who have submitted written evidence to supplement it in oral evidence to the Committee. Please indicate in your response whether you would be prepared to give evidence in person.
- Witnesses should be aware that once written evidence has been submitted to the Committee it is treated as the property of the Committee. Written evidence will be published on the Committee's website, and extracts may subsequently be included in the report.
- The Assembly will not publish information which it considers to be personal data. If you are providing any information, other than personal data, which you feel is not suitable for public disclosure, it is up to you to stipulate which parts should not be published. You should provide a reasoned argument to support this. The National Assembly will take this into account when publishing information or responding to requests for information.
- In the event of a request for information submitted under UK legislation, it may be necessary to disclose the information that you provide. This may include information which has previously been removed by the National Assembly for publication purposes.
