30 March 2016

Dear Darren

Scrutiny of Accounts 2014 -15

Thank you for your letter of 16 March about our response to your scrutiny of the Commission's accounts for 2014-15. In your letter you ask for clarification about the methods we use to test the accessibility of material on our website.

The Assembly's website is audited regularly to test its technical accessibility. The most recent audit took place just over twelve months ago and was carried out by the Shaw Trust. All the recommendations to improve accessibility were accepted and have been implemented.

As the Committee is aware, we are currently making improvements to the website in order to make information more accessible. We intend to assess the impact of these changes through data from our annual web survey, and also by gathering feedback through our reference groups.

I hope that this provides the Committee with the assurance it was seeking.

Yours sincerely

David Melding AM
Deputy Presiding Officer

Croesewir gohebiaeth yn y Gymraeg neu Saesneg / We welcome correspondence in Welsh or English
