Please refer to questions in the [Online Survey](#).

Question	Answer
01	Yes
02	Yes
03	Yes However they need more resources and better training to keep up to date.
04	Yes They need to be lent on heavily if they are not meeting the requirements. There is a need and it should be included so that those with Autism are safeguarded.
08	It needs to be a document that will develop with developments so it for not become stagnant.
09	Yes And even sooner really, it's should actually be part of the diagnosis.
10	Yes
11	I don't see how a Social Worker can be useful!
12	Yes, the ability to carry out tasks like brushing their teeth and getting dressed prevents them from having occupational therapy. An overhaul of the current referral system and it's total unfairness requires addressing.
13	Yes
14	What the diagnosis is. What other conditions they have. Autism is rarely alone. The costs incurred by parents having to seek private diagnosis.
15	It should be written on the Bill.
16	Yes Health boards, local authorities, schools, adult services.
17	It should happen all the time.
18	It will be great for people. Help is desperately needed and something needs to be done.
19	Timescales for diagnosis need to be plainer, will it be from the

	<p>GP referral rather than the paediatrician's appointment date!</p> <p>Continues professional development needs to be maintained and logged. All those working with autistic persons need to be up to date</p>
